Important Note - Load Bin Preparation:

The first step in this installation, is to gain access to the load bin holes, to be used for attaching the mounting brackets, shown in the image below.

The front and rear mounting brackets must be installed at this stage, as there will be no access to the fasteners once the Canopy Camper is seated on the load bin.

Take note of the sub-assemblies, shown on the next page, components from these sub-assemblies will be needed at this initial stage.
